

Brainstormed & Created System Solutions

System Items That were Unknown

- Internal Service Provider Information report
- “Remaining Process” feature on the process history tab
- “See in New Tab” navigation tip

Improvements now in Production

- New dashboard report: Account Certifications Awaiting Me – Detailed
- Updated sort on Details for Account Certification report to sort by ledger account to match Account Certification layout.
- Enhanced prompts on existing report: Status of Account Certifications
- Adding attachment fields to the Details for Account Certification report
- Account Certification Reassignment Request template in UBI QlikSense
- Added month-end close steps to run MFS final time (minimizing reconciling differences on Projects)

Updates on Finance Roadmap in Progress

- Activity stream functionality (*est 6/23*)
- Account Certification variance reporting

Account Certification Enhancements

Internal Service Provider Contact Information

The “Internal Service Provider Information” report provides you with points of contact based on who has been assigned as the ISD Data Entry Specialist for the ISP.

Internal Service Provider Information							
Companies or Company Hierarchies	Internal Service Provider	Description	Review Date	Next Review Date	Worktags	Revenue Category	Data Entry Specialist
The Rector & Visitors of the University of Virginia	Arts & Sciences - Environmental Sciences				Business Unit: BU02 AS-Arts and Sciences Cost Center: CC0063 AS-Environmental Sciences (ENVS) Designated: DN000317 AS-Education and General Function: FN009 Research Projects & Individual Fund: FD001 Unrestricted Operating Fund (State 03000)	Recoveries RCG (RC0110)	Donna H Fauber

Internal Service Provider Contact Information

The "Details for Account Certification Report" provides a link to the Internal Service Delivery (ISD). From there, you can find the ISD Data Entry Specialist for the ISP.

The screenshot shows a table with columns: Revenue or Spend Category, Employee, Employee ID, Amount, Period, Budget Date, Accounting Date, Journal Source, Operational Transaction, Journal, Vendor/Payee, Supplier's Invoice Number, and Purchase Orders. A right-click context menu is open over the 'Internal Service Delivery' entry in the 'Operational Transaction' column. The menu options include: Actions, Accounting, Audits, Budget Date, Favorite, Integration IDs, and a 'See in New Tab' option. The 'Internal Service Delivery' pop-up shows details for 'Internal Service Delivery: ISD-00322276', including the company 'The Rector & Visitors of the University of Virginia' and the internal service provider 'IT-Information Technology Services'.

Click on the Related Actions Button (Twinkie) next to the Operational Transaction.

Right click on the ISP name

See in New Tab

Bottom of the View Internal Service Provider screen is Assigned Roles.

ISD Data Entry Specialist is the point of contact.

The 'Assigned Roles' section shows 3 items. The table below lists the assignable roles and the users assigned to them.

Assignable Role	Assigned To
Internal Service Delivery Data Entry Specialist	April M Brown
	Cassie N Fox
	Jennifer D Toms

Navigation Tip – See in New Tab

Remember this saying: “If it’s blue, you can do”

When an object in Workday is blue hyperlinked, you can right click on your mouse and select the “See in New Tab” option to open an additional tab in your browser.

This allows you to maintain your original place on your first tab, while navigating to review other related information.

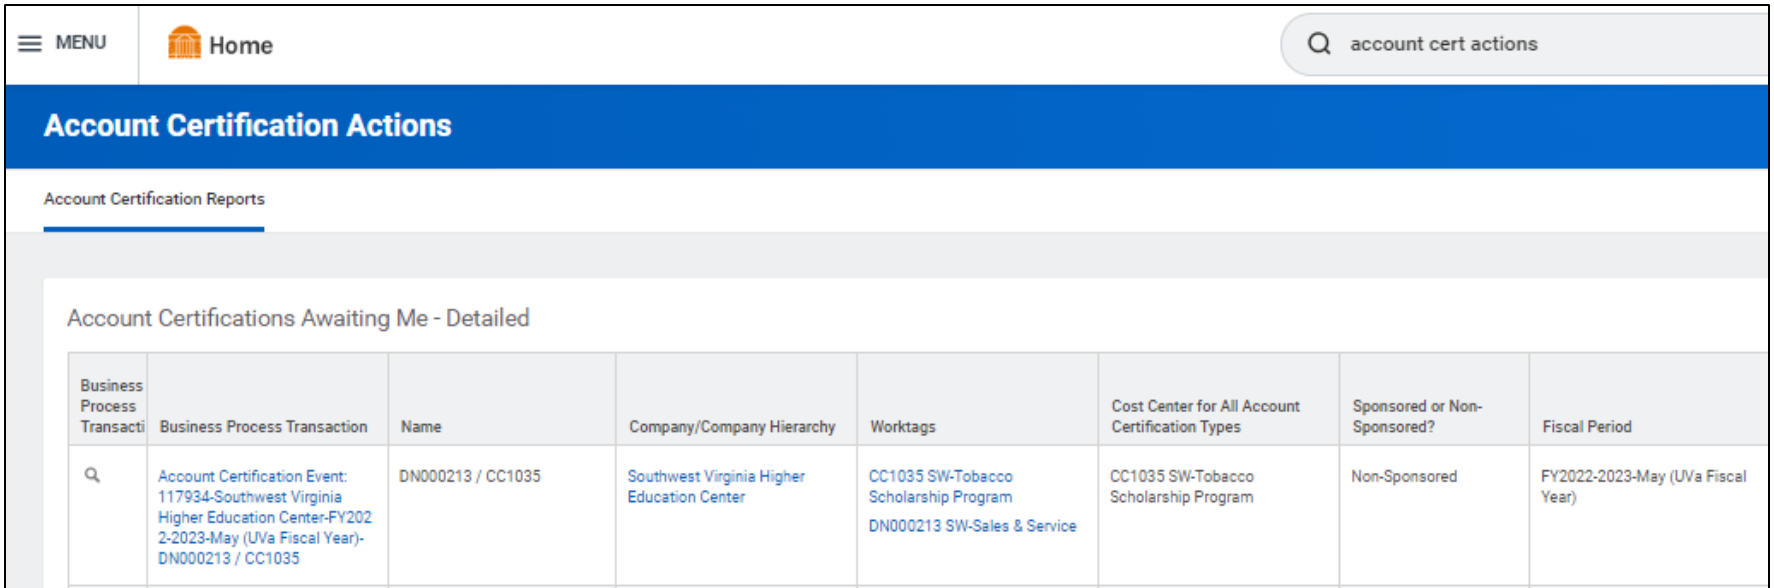

See more about navigating using “Twinkies” (aka “Related Actions”) on the [UVAFinance website](#).

Account Certification Enhancements

Account Certifications Awaiting Me – Detailed

A new report, “Account Certifications Awaiting Me – Detailed” has been added to the Account Certification Actions dashboard. This report has been added to provide greater insight into the Account Certifications awaiting a Preparer or Approver to potentially help prioritize their work and/or provide information not previously available in the original “Account Certifications Awaiting Me” report.

The screenshot shows a dashboard with a search bar containing 'account cert actions'. Below the search bar is a blue header for 'Account Certification Actions'. Underneath, there is a section for 'Account Certification Reports' with a sub-section for 'Account Certifications Awaiting Me - Detailed'. This section contains a table with the following data:

Business Process Transaction	Name	Company/Company Hierarchy	Worktags	Cost Center for All Account Certification Types	Sponsored or Non-Sponsored?	Fiscal Period
Account Certification Event: 117934-Southwest Virginia Higher Education Center-FY2022-2023-May (UVa Fiscal Year)-DN000213 / CC1035	DN000213 / CC1035	Southwest Virginia Higher Education Center	CC1035 SW-Tobacco Scholarship Program DN000213 SW-Sales & Service	CC1035 SW-Tobacco Scholarship Program	Non-Sponsored	FY2022-2023-May (UVa Fiscal Year)

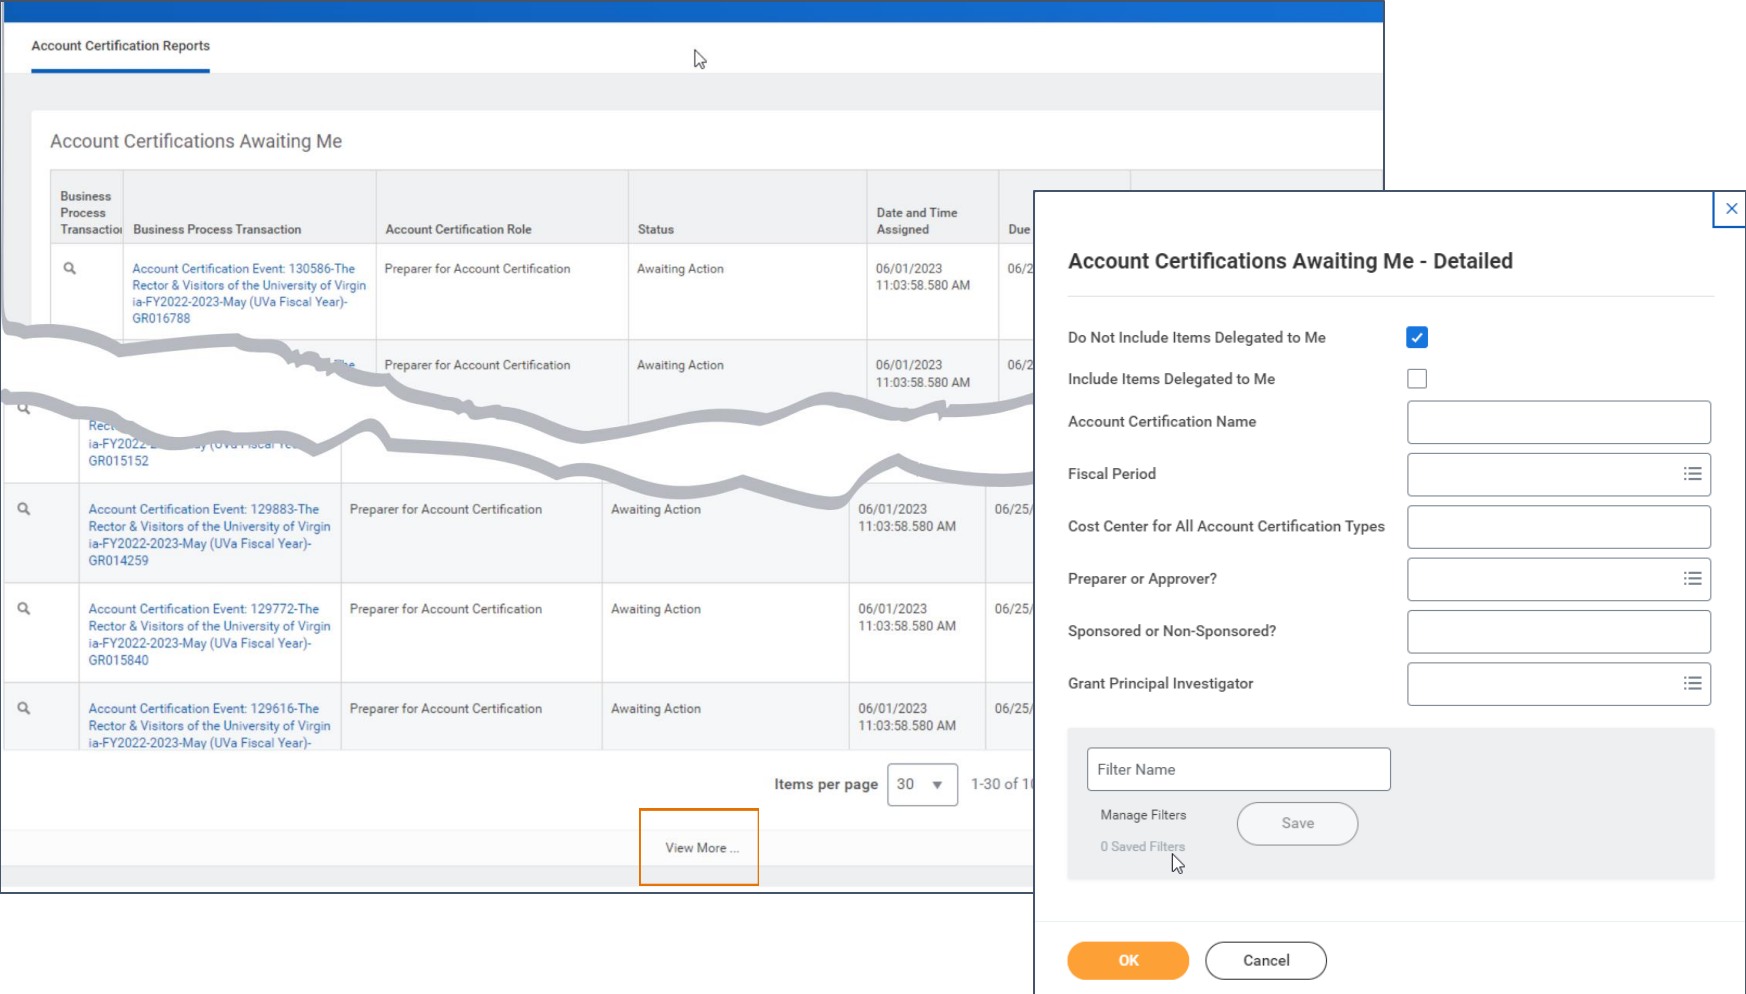

Details added:

- Worktag Names (as opposed to just the Worktag IDs)
- Default Cost Center for all Account Certification Types (including Grants and Projects)
- Sponsored vs. Non-Sponsored flag
- Fiscal Period
- Amount to Certify
- Grant Principal Investigator

Note: The original "Account Certifications Awaiting Me" report is available underneath the "Account Certifications Awaiting Me- Detailed" report on the Account Certification Actions Dashboard for anyone wanting to use the original. Both reports have the same Account Certifications listed.

Account Certifications Awaiting Me – Detailed

Select **View More** at the bottom of the "Account Certifications Awaiting Me – Detailed" report on the Account Certification Actions Dashboard to:

The screenshot shows the 'Account Certification Reports' dashboard. A table titled 'Account Certifications Awaiting Me' lists several pending actions. A 'View More ...' button is highlighted at the bottom of the table. A modal window titled 'Account Certifications Awaiting Me - Detailed' is open, showing filter options for the report.

Status of Account Certifications – Improved Prompts

Status of Account Certifications ⋮

Instructions Prompt tips:
 -Cost Center for All Account Certification Types is a text field. Example use cases are a Cost Center ID, a partial Cost Center Name, or an MBU Prefix (e.g., MD-).
 -Sponsored or Non-Sponsored must be typed in as seen in the prompt title to return results.
 -The "Find All Account Certifications for Worker" checkbox must be checked when using the Worker prompt.

Additional Prompts have been added to the Status of Account Certifications report to improve reporting capabilities.

Be sure to use the Instructions provided at the top of the report should the filters not work as expected as some of them require specific techniques for usage.

Reassignment Request Template – UBI QlikSense

Once an Account Certification has been created and assigned to an employee, the only way for another employee to take action on that Account Certification is to **request the Account Certification business process be reassigned**. To facilitate streamlined requests, a template has been added to the Workday Account Certification UBI QlikSense module.

Note: Reassigning an Account Certification business process, does NOT update the applicable worktag roles (e.g., Grant Financial Analyst, Cost Center Manager, etc. role long-term. You must submit a [System Access Request](#) for those roles to be updated.

You can find a [Quick Reference Guide \(QRG\)](#) for using this template on the UVAFinance website.

MFS Processed Prior to Month-End Closing

A step has been added to the month-end closing process to run MFS a final time. This will mitigate balances remaining on the Project's Default Fund (e.g., FD068 Operating Project Default) from any activity posted on the final business day of the month. The remaining balances caused reconciling differences that Project Budget Specialists/Project Budget Managers had to monitor the next month to ensure they cleared out.

Account Certification Enhancements

**Upcoming / On the
Roadmap**

Activity Stream Functionality

Later this month, we will enable Activity Stream functionality across various business objects in Workday. Activities included in this new area are:

- Comments that have been entered into the activity stream
- Related business process events
- Related business process comments

SOM use case:

One Preparer is envisioning using this functionality on Supplier Invoices (SI) to note that they have already reviewed the SI. If we surface the comments in the Details for Account Certification report, then they would know that they do not need to drill further into the details at that time. This will allow them to complete/track SI review throughout the month as opposed to waiting until Account Certifications have been created.

Account Certification Variance Reporting

We are partnering with the Reporting team to add Account Certification Variance information into the UBI QlikSense module.

This will be a one-stop shop that Account Certifiers can use to view more detailed variance information that can be used in completing the Account Certification variance inbox tasks (or sharing with others who are responsible for remediating).

Those with an oversight role can use this report to monitor outstanding Account Certification Variances tasks.
